

Increase Support for Domestic Violence and Sexual Abuse Survivors

From 2017 to 2020, our annual number of Orcas domestic and sexual violence client intakes almost doubled, and hours of service more than doubled.

To keep up with these requests, we will use your donations to increase support in our Orcas office, to include safety planning; crisis intervention services; support with legal, medical, criminal justice, and social services systems; and general advocacy.

Want to help? Watch for Game Day posts, and follow our page for updates!
